Subject: FBIC TWQS Revisions

Hello Maggie/George:

Attached are the Revision documents for the FBIC TWQS based on your last comments. I'm sure there are some minor revisions remaining that can be resolved through email communication and/or a couple zoom meetings.

Moving forward, I have a request that may speed up the process towards Tribal Adoption. If it made sense, if we can by-pass any requirements that are not necessary/required for Tribally Adopted WQS. These requirements could be met in the future for Federally Approved WQS.

I have requested for Cody to create a map of tribal land status and hopefully this will be done soon.

Review the attached documents at your leisure and maybe set up a date/time to discuss the next steps, which I'd like if you could provide a Step by Step Process towards tribal adoption.

Thanks.
